In the paper “Litz: Elastic Framework for High-Performance Distributed Machine Learning” by Aurick Qiao, Petuum, Inc. and Carnegie Mellon University; Abutalib Aghayev, Carnegie Mellon University; Weiren Yu, Petuum, Inc. and Beihang University; Haoyang Chen and Qirong Ho, Petuum, Inc.; Garth A. Gibson, Carnegie Mellon University and Vector Institute; Eric P. Xing, Petuum, Inc. and Carnegie Mellon University (Thursday session, “Big Data 2,” pp. 631–644 of the Proceedings) the authors wish to make the following correction:

Page 2, first paragraph, first column

Original text:
…and further elaborate on them in Sec. 2. First, ML computations exhibit…
