Disasters do happen

The New York Times

Gone in Minutes, Out for Hours: Outage Shakes Facebook

When apps used by billions of people worldwide blinked out, lives were disrupted, businesses were cut off from customers — and some Facebook employees were locked out of their offices.

Booking.com is not
different

In May 2018, a config
change took down
our main site entirely

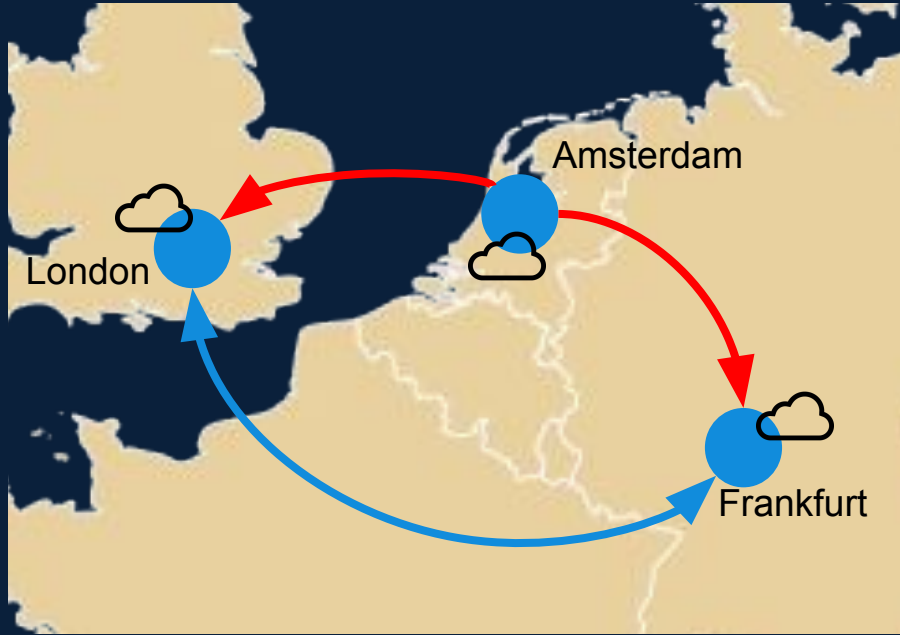

– Booking infra –

~80,000 servers

3 Core regions

5 Edge regions

2,000+ services

– First Disaster Recovery Test –
Evacuating traffic out of Amsterdam region

We have so much to
do

Creating the Program

– Objective –

Full business continuity
in case of loss of a
region

– Challenges –
Risks / Impact
Investment / Cost
Behavior / Buy-in

– Growing the program–

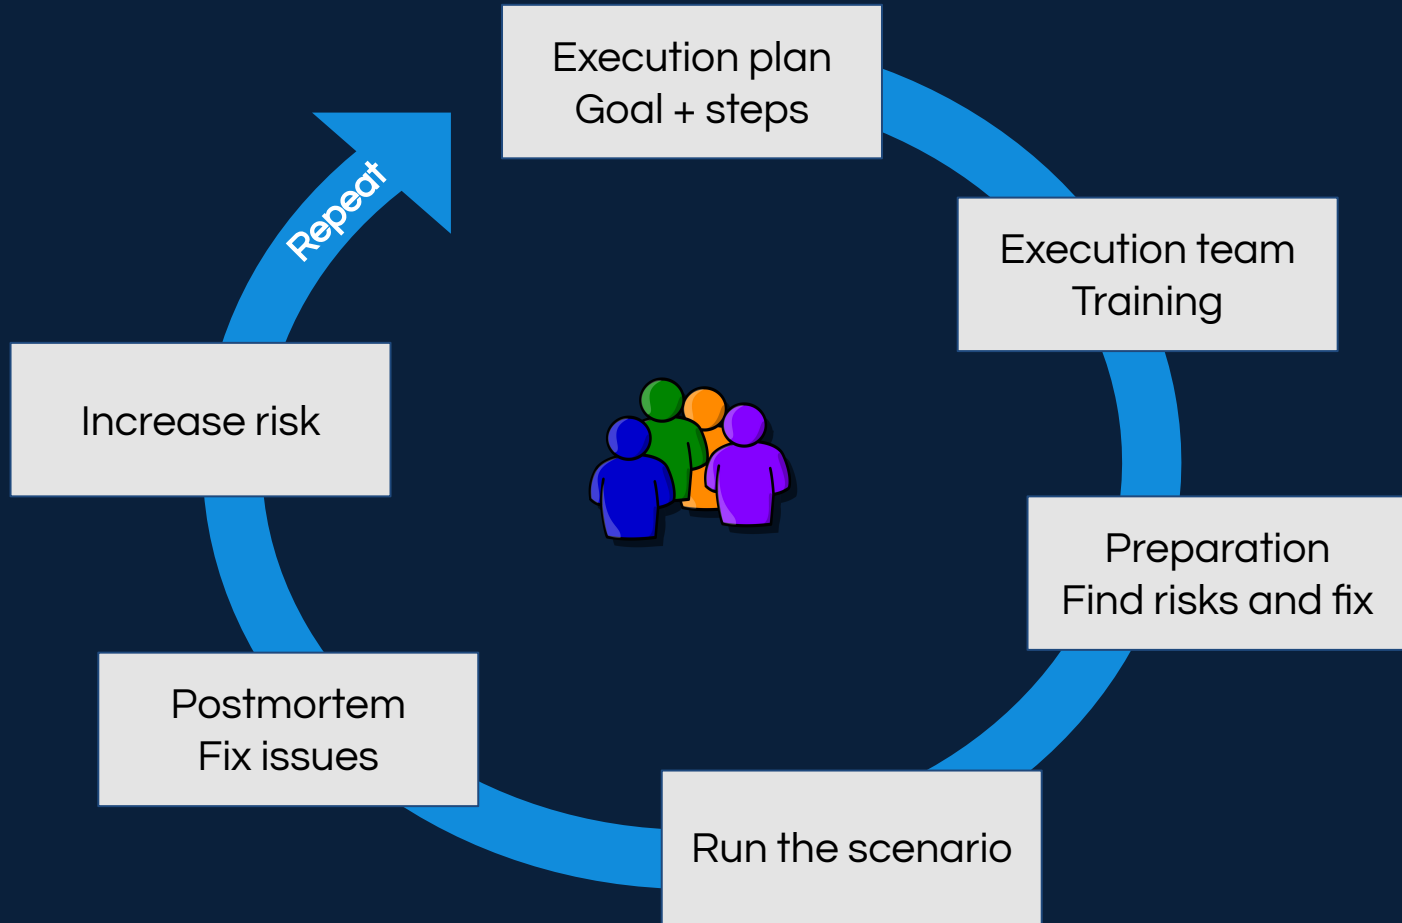

Roadmaps

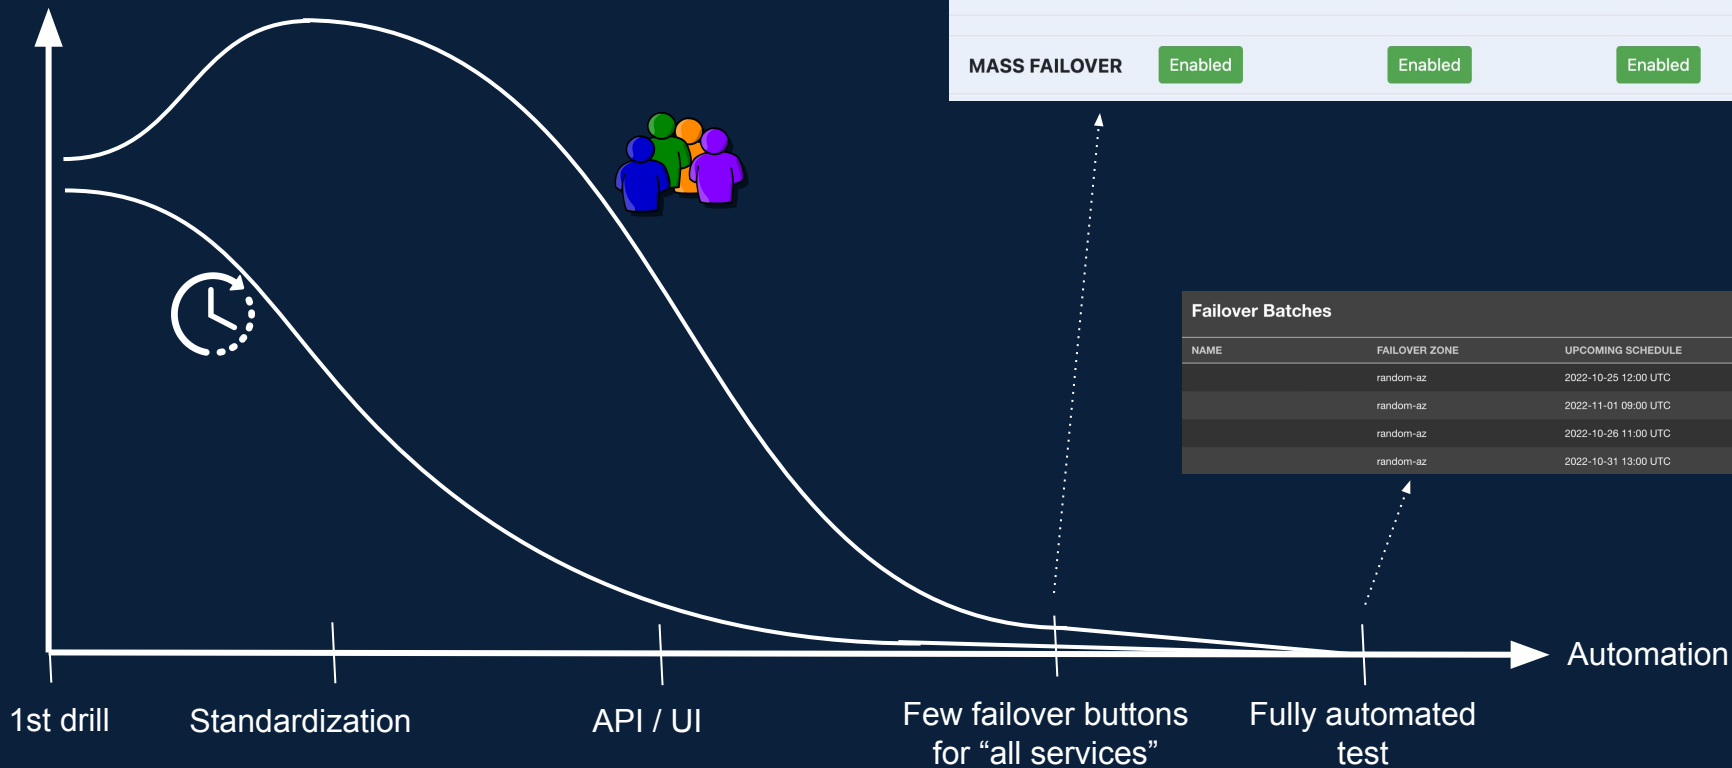

Wide comms

Visibility & Alignment

Risk analysis / Risk Control

Cross functional collaboration

Deployments & change of
infrastructure made with
more confidence

People trained - Rotation
Repeatable process

Behavioural Change

But what's next?
