## Students: Grab a Grant

Did you know that, with the help of our partners, USENIX offers student grants to cover USENIX conference and workshop registration fees and assist with travel and expenses?

Recently we received a note from student grant recipient Roya Ensafi, a graduate student in computer science at the University of New Mexico. "I want to thank you for the USENIX student grant. It meant a lot to me," she writes. "Attending conferences are really a good opportunity not only to hear cool research ideas, but also meet interesting people, which makes it a great break from routine research work. Without the grant I wouldn't be able to come there."

Don't miss the November 5 student grant application deadline for LISA '12. Get the details at [www.usenix.org/conference/lisa12/students](http://www.usenix.org/conference/lisa12/students), and then read "How a USENIX Student Grant Can Lead to a Career in Technology" at [www.usenix.org/blog/student-grant-career](http://www.usenix.org/blog/student-grant-career).

For more news and updates like this, be sure to read the monthly USENIX News email.

Congratulations to the grant recipients who attended USENIX Security '12!
